

Primary 2 Maths

1. There are 6 plates.
There are 2 drumsticks on each plate.
How many drumsticks are there altogether?

$$\square + \square + \square + \square + \square + \square = \square$$

$$\square \text{ groups of } 2$$

$$\square \times \square = \square$$

2. There are 3 boxes.
There are 5 sweets in each box.
How many sweets are there altogether?

$$\square + \square + \square = \square$$

$$\square \text{ groups of } 5$$

$$\square \times \square = \square$$

3. There are 4 boxes.
There are 5 cakes in each box.
How many cakes are there altogether?

$$\square + \square + \square + \square = \square$$

$$\square \text{ groups of } \square$$

$$\square \times \square = \square$$
